49.000 Scope of part.

This part establishes policies and procedures relating to the complete or partial termination of contracts for the convenience of the Government or for default. It prescribes contract clauses relating to termination and excusable delay and includes instructions for using termination and settlement forms.

49.001 Definitions.

As used in this part—

Other work means any current or scheduled work of the contractor, whether Government or commercial, other than work related to the terminated contract.

Plant clearance period, as used in this subpart, means the period beginning on the effective date of contract completion or termination and ending 90 days (or such longer period as may be agreed to) after receipt by the contracting officer of acceptable inventory schedules for each property classification. The final phase of the plant clearance period means that period after receipt of acceptable inventory schedules.

Settlement agreement means a written agreement in the form of a contract modification settling all or a severable portion of a settlement proposal.

Settlement proposal means a proposal for effecting settlement of a contract terminated in whole or in part, submitted by a contractor or subcontractor in the form, and supported by the data, required by this part. A settlement proposal is included within the generic meaning of the word *claim* under false claims acts (see 18 U.S.C. 287 and 31 U.S.C. 3729).

Unsettled contract change means any contract change or contract term for which a definitive modification is required but has not been executed.

49.002 Applicability.

(a)(1) This part applies to contracts that provide for termination for the convenience of the Government or for the default of the contractor (see also 12.403 and 13.302-4).

(2) This part does not apply to commercial item contracts awarded using part 12 procedures. See 12.403 for termination policies for contracts for the acquisition of commercial items. However, for contracts for the acquisition of commercial items, this part provides administrative guidance which may be followed unless it is inconsistent with the requirements and procedures in 12.403, Termination, and the clause at 52.212-4, Contract Terms and Conditions—Commercial Items.

(b) Contractors shall use this part, unless inappropriate, to settle subcontracts terminated as a result of modification of prime contracts. The contracting officer shall use this part as a guide in evaluating settlements of subcontracts terminated for the convenience of a contractor whenever the settlement will be the basis of a proposal for reimbursement from the Government under a cost-reimbursement contract.

(c) The contracting officer may use this part in determining an equitable adjustment resulting from a modification under the Changes clause of any contract, except cost-reimbursement contracts.

(d) When action to be taken or authority to be exercised under this part depends upon the *amount* of the settlement proposal, that amount shall be determined by deducting from the gross settlement proposed the amounts payable for completed articles or work at the contract price and amounts for the settlement of subcontractor settlement proposals. Credits for retention or other disposal of termination inventory and amounts for advance or partial payments shall not be deducted.
